

PUBLIC LEDGER

SIXTH YEAR.

MAYSVILLE, KY., WEDNESDAY, JULY 7, 1897.

ONE CENT.

Purely Business!

The columns of a newspaper represent a cash value. No publisher advertises to give advertising "bottom" free any more than a merchant counts over his counter free of the cost of goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Ledger

Upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Shoppers.

Excursions, fairs, or other public entertainments held in the city, and for advertising notices, resolutions of respect, etc. The Ledger will charge five cents a line, and hereafter this will be the standard rate. This, however.

Does Not Include

Notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for business notices in this Ledger is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line notice inserted in the paper. "I'll tell you when to take it off," says the bookkeeper. But he forgets all about it. The notice runs for two months—12 times—the bill is \$12. When he finds it out there is a "kick" and a controversy, followed probably by an "if feeling." Now, to obviate this trouble, no "if feeling" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

*** All matter for publication must be handed in before 5 o'clock in the morning of each day.

*** If you have an item of news, please call up THE LEDGER, Telephone 33, and send it in.

YES! :-: Matters Are Improving

Hundreds of times in the past month have we been asked if business is improving. Above is our answer. The improvement in prices in our home-grown products has a tendency to lead people to buying better qualities than they did in the past three years. As an evidence of this we can truthfully say that since the advance of price in tobacco we have sold more of our highest class of goods than in thrice the given time in the past few years. It is a great satisfaction to a merchant to sell good, reliable goods. Greater still when he knows his efforts in that direction are appreciated.

The season for selling Summer Clothing is drawing to a close.

Having bought only highest grades of garments, we have nothing of any hard character to offer as a catch. To be sure, in many of our lines sizes are broken, but if you can be fitted you will buy the choicest of clothing at less than you pay for ordinary stuff elsewhere.

From the 1st to the 10th of July we will devote to a Clearing Sale throughout all of our departments.

If you desire to partake of some of our good things come along. Friday, Saturday and Monday we will have plenty of help to wait on you.

Superintendent of Schools G. W. Blattmann, accompanied by his wife, left yesterday afternoon on the F. P. V. for a two months' sojourn at the Hotel Astor, Lake Chautauque, N. Y.

Mrs. E. L. Powell and Miss Missa Smoot are here from Louisville to spend the summer with relatives.

Assistant Secretary Joseph Easton, after a nice visit to friends at Springfield and New. castle, Ind., returned to his post of duty last night.

MAYSVILLE WEATHER.

What We May Expect For the Next Twenty-four Hours.

THE LEDGER'S WEATHER SIGNALS.

White streams—FAIR; Sun—RAINY or SHOW; Wind—S.W.—WILL WARM UP; (Black) FROST—COLDEN WILL BE.

Unless black's shown—no change we'll see.

The above forecasts are made for a period of thirty-six hours, ending at 5 o'clock tomorrow morning.

Mr. C. F. Mack has purchased the merchant tailoring business of Mr. T. H. Dudley at Flemingsburg.

Mayville cannot get ahead of Auburn. A merry-go-round is in full blast on Front street in the latter place.

The North Eastern Kentucky Medical Association will meet at Olympia Springs on the 14th and 15th of this month.

Richard, son of Prof. William H. Fremont of the Sixth Ward, had the misfortune to break his arm yesterday while practicing the art of turning somersaults.

Mr. N. Cooper yesterday received the first lot of new wheat of the season at his Front street warehouse. It was a wagon load from Colonel W. W. Baldwin, and the quality was good.

Mayville now has two Parks—the Electric Park in the Sixth Ward and the West Clover Park under the viaduct on Front street. Hammocks will be swung from the tall weeds on the grade.

The many friends of Mr. George W. Rogers will be pleased to learn that his condition is greatly benefited, and that present conditions continue his ultimate recovery is assured. He is at Ecclusapia Springs.

Those who do not attend the performance at Electric Park tonight will no doubt miss a great treat as Prof. Fremont has one of the best attractions that has ever been under a canvas in this city. The prices of admission for tonight will be 10 and 20 cents.

Milly Hubbard, a very respectable colored citizen of Dover, died yesterday morning. He was a member of the new Masonic Lodge that was recently instituted at that place, and will be buried this afternoon with the honors of a Mason. Prof. J. R. Spurgeon of this city will officiate.

Miss Henrietta Davis, the charming and accomplished daughter of Mr. and Mrs. M. Davis of this city, who has been visiting her sister at Portsmouth the past few days, is certainly being well entertained. One day last week a picnic was given in her honor, at which a large crowd of her friends and acquaintances more than enjoyed themselves.

Application was filed in the County Clerk's Office yesterday for the appointment of three Commissioners by the county to condemn the lands of William Byron and Mrs. Julia Peers. This was done in order that the location of the Blue Run Turnpike could be changed. Messrs. Joshua Burgess, Jacob Sheeler and Rufus Robinson were appointed.

Go out to Electric Park tonight.

William Rudy, son of Mr. George Rudy of this city, was stunned by lightning during the storm at Portsmouth Monday afternoon.

On September 1st Rev. Father Brost of Covington, in his old home in Europe, will celebrate his silver jubilee, it being the twenty-fifth anniversary of his entrance to the Priesthood.

JUST OUR CASE.

The Reason Why Manufacturers Are Leaving the City of Covington.

Covington Commonwealth.

It is well known that arrangements are being made by the Charles McDonald Marble Works to move across the river to a suburb of the Queen City, yet no effort is being made by the Covington Council or municipal authorities to induce them to stay.

Fifty people were daily given employment there and at good wages, yet no one has approached the Company with any proposition to induce them to stay here. In their new location the Company has been given the ground five years free from taxation and a railroad switch laid into their yard.

In ten years past Covington has lost the American Nail Works, Hemingway's Glass Works, P. J. Meyers and a half dozen other factories.

Why?

The answer is dead easy.

Covington and Mayville are just alike. Neither would give 15¢ copper cents to induce a manufacturing enterprise to either start or to stay in the city.

The result is that young people, just as soon as they are thrown on their own resources, are forced to go elsewhere for employment.

Live, enterprising cities offer inducements for manufacturers to locate, and that is why they are outstripping the old fogy places in the march of prosperity.

Y. M. C. A. MATTERS.

What the Local Association is Doing For the City's Young Men.

Messrs. John Duley, W. T. Berry and W. H. Cox have been requested by President Lane to audit the first year's accounts of both Treasurer and General Secretary.

The Women's Committee will meet in the Association Parlor on Friday evening at 7:30 o'clock, at which time officers are to be chosen and some important matters will be discussed.

President Lane has reappointed Miss Martha Stevenson and Miss Mary January as members of the Women's Committee for this second year, and also added Miss Lizzie Cox to the committee. The names of the first two ladies were by an oversight omitted when the list of the committees were published in this paper two weeks ago.

Even the severe heat of Sunday did not prevent a goodly number—about thirty young men—from attending the patriotic service at the Y. M. C. A., thus evidencing that deep interest in and value of this Sunday afternoon Men's Rally. The speaker and singers previously announced were prevented from coming, but instead a pleasant service—half hour in length—was conducted by President I. M. Lane. Several read brief articles bearing on the duties and responsibilities of citizenship, and Miss Bertha Ott sang very sweetly "Hail to the Flag." Miss Florence Konz playing the accompaniment for solo and hymns. All enjoyed refreshing lemonade after the service.

Eyesight

Is of such great value that one ought to take more than ordinary precautions to guard against every possible trouble.

If you have even a remote suspicion that there is any trouble with your eyes it will be for your own best interests to have your vision tested and trouble, if any, removed.

Very simple troubles may develop serious results if not properly treated.

Ordinary failing eyesight receives our most careful attention, both as to glasses and frames.

It's just as important to have the right frame as the right glass, and from our large stock we can give you the correct thing in either Gold, Silver or Steel.

We make no charge for examinations, and if yours is a case requiring the services of an oculist we will frankly tell you so.
